SUMMARY

Cloud Infrastructure Engineer with 8+ years following blockchain/cryptocurrency and hands-on experience running Bitcoin and Lightning nodes, multi-sig custody setups, and algorithmic trading systems. Presented blockchain investment strategy to partners at Brown Advisory covering Bitcoin, Ethereum, DeFi, and institutional custody solutions. Seeking to transition cloud infrastructure expertise to the cryptocurrency/Web3 space.

BLOCKCHAIN EXPERIENCE

Personal Infrastructure & Projects

- Operate full Bitcoin node and Lightning Network node; have taught others to set up and maintain nodes
- Configured multi-signature wallet setups for personal use and assisted others with secure custody solutions
- Experience with multiple hardware wallets (Ledger, Trezor) for cold storage security
- Built mean reversion trading algorithm for cryptocurrency markets covering top 5 coins by market cap (Data Systems coursework)

Brown Advisory - Chevy Chase, MD *Summer 2020*

Summer Analyst

- Presented blockchain and digital asset investment thesis to firm partners, covering:
 - Bitcoin as digital gold and store of value
 - Ethereum and smart contract platforms
 - Early DeFi protocols and yield opportunities
 - NFT market dynamics (with appropriate skepticism on valuations)
 - Institutional custody solutions and regulatory landscape
- Research contributed to partner understanding of digital asset allocation strategies

CLOUD INFRASTRUCTURE EXPERIENCE

Eviden (formerly Maven Wave, an Atos company) - Chicago, IL *June 2022 - Present*

Cloud Operations Engineer (December 2024 - Present)

- Serve as Co-Secondary Technical Lead for three Azure MSP clients with combined annual spend of \$3.6M; partner with Primary Lead and client CTOs to deliver CI/CD

roadmaps

- Designed enterprise FinOps automation framework with resource rightsizing policies; identified 68% of compute resources as over-provisioned
- Developed stateless, time-based automation to dynamically scale VMs based on utilization; projected 40% reduction in compute expenditure

Ignite Cloud Analyst (September 2022 - December 2024)

- Served as Primary Technical Lead for 12-person MSP team supporting healthcare client; maintained SLA compliance
- Created Terraform-based alerting system across three client environments detecting capacity risks and security threats
- Led 30-person multi-vertical team developing cross-hyperscaler (AWS/Azure/GCP) cloud training platform
- Identified and remediated 25+ monitoring gaps across Google Cloud and Azure environments

Torrey Investment Partners - Bethesda, MD *Winter 2020-2021*

Intern

- Audited CRM system for 800+ contacts; attended Investment Committee meetings and drafted minutes for executives

EDUCATION

Denison University - Granville, Ohio *May 2022*

Bachelor of Arts in Computer Science; Bachelor of Arts in Global Commerce: Middle East/North Africa

Leadership: Founder and President of Denison Brazilian Jiu-Jitsu; President of Denison Clay Sports Clubs

Research: Authored "Printing 3D Firearms on Campus: A Risk Assessment" - presented at college conference

SKILLS & CERTIFICATIONS

Infrastructure:Linux, Kubernetes, Docker, Terraform, Azure DevOps, GitHub Actions, CI/CD pipelines **Cloud:**Azure (primary), Google Cloud Platform, AWS **Programming:**Python, PowerShell, SQL, C++, Bash, HTML/CSS **Blockchain:**Bitcoin Core, Lightning Network, hardware wallets, multi-sig configuration **Certifications:**Google ACE, Azure AZ-900, Terraform Associate, Linux Foundation Blockchain (LFS170) **Studying:**Azure Administrator (AZ-104), Certified Kubernetes Application Developer (CKAD)

INTERESTS

Bitcoin, cryptocurrency markets, decentralized finance, Brazilian jiu-jitsu, 3D printing, intermediate Russian
