PROFESSIONAL EXPERIENCE

Eviden (formerly Maven Wave, an Atos company) - Chicago, IL *June 2022 - Present*

Cloud Operations Engineer (December 2024 - Present)

- Serve as Co-Secondary Technical Lead for three Azure MSP clients with combined annual cloud spend of \$3.6M; partner with Primary Lead and client CTOs to align infrastructure strategy with business objectives
- Designed enterprise FinOps automation framework introducing resource rightsizing policies; identified 68% of compute resources as over-provisioned, establishing roadmap for cost governance
- Developed stateless, event-driven automation to dynamically scale virtual machines based on utilization patterns; projected to reduce client compute expenditure by 40%

Ignite Cloud Analyst (September 2022 - December 2024)

- Served as Primary Technical Lead for 12-person MSP team supporting healthcare client; led weekly client syncs, managed Jira backlog, and maintained SLA compliance across 50+ monthly service requests
- Built and deployed Terraform-based alerting system across three client environments detecting capacity risks, security threats, and configuration drift
- Led 30-person multi-vertical team developing cross-hyperscaler cloud training platform (AWS, Azure, GCP)
- Audited monitoring coverage across Google Cloud and Azure environments; identified and remediated 25+ observability gaps

Ignite Rotation Analyst (June 2022 - September 2022)

- Completed rotations across Application Development, Infrastructure, DevOps, and UX verticals to build cross-functional expertise
- Implemented multilingual AI-powered chatbot for virtual career center; presented solution to company executive team

Torrey Investment Partners - Bethesda, MD *Winter 2020-2021*

Intern

- Audited CRM system for 800+ contacts ensuring data integrity for Client Services team
- Attended Investment Committee meetings; drafted and circulated meeting minutes to six executives

Brown Advisory - Chevy Chase, MD *Summer 2020*

Summer Analyst

- Researched emerging technology sectors (semiconductors, EVs, blockchain, real estate) to inform partner investment strategy during COVID-19 market volatility
- Presented blockchain and digital currency investment thesis to partners covering custody solutions and institutional adoption

EDUCATION
